

Have fun on the farm and stay healthy!

Even healthy, well cared for animals can have germs that can make people sick.

Keep food and drinks out of animal areas

This includes bottles, sippy cups, and pacifiers
You don't want to get germs on them

Wash your hands with soap and water

Wash hands after visiting the animals and before eating
Don't just use hand sanitizer. It doesn't work against all germs

Don't touch your mouth

That's how germs get in your body and make you sick

Wear appropriate clothing and shoes

Such as sturdy shoes and clothes you can get dirty
When you get home, change your clothes and shoes and wash them

Don't touch the farm equipment

Farm equipment can be dangerous
Stay with your group

**If you are pregnant,
under age 5, over age 65,
or have a compromised
immune system, you are
at higher risk for more
serious infections.**
